# SK Premium Shield

Super Durable Premium Weather Paint for Exterior

## Product Description:

SK Premium Shield is a high quality reactive type acrylic paint. It is specially formulated for exterior wall surfaces. It is easy to apply and forms a smooth thorough film which is highly durable, washable, toughness, fungus resistant and anti-algae.

## Product Features:

- Excellent durability, weathering and color retention.
- Its film formed by chemical cross-linking structure which provides an excellent resistance against water, alkali and various types of solvents.
- Its tough and high density film provides an excellent abrasion resistance.
- Washable without damaging film.
- Excellent adhesion.
- Excellent resistance against mould, fungus and algae.
- Environmentally friendly and odorless. It is mercury and lead free product.
- Excellent workability and quick drying.

## Recommended Uses:

For prime surfaces of concrete, mortar, plaster, masonry, brickworks, hard and soft board, etc.
