

Natural Stone-like Special Finish Coating

GRANI SERIES

NEW GRANI ELEGAN / GRANI QUEEN

GRANI Series

Natural Stone-like Special Finish Coating Series

NEW GRANI ELEGAN / GRANIQUEEN

mandiri

FEATURES

NEW GRANI ELEGAN and GRANIQUEEN are natural stone-like special coatings providing granite textured finish. They provide easy maintenance and excellent workability. As various designs are available, they help you to create unique space of your own.

1 Luxurious finish with a genuine natural stone look

They create natural stone-like gorgeous wall. Various colours are available for your colour coordinate.

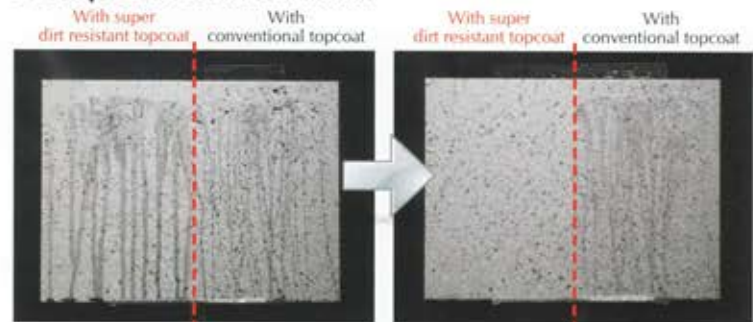

NEW GRANI ELEGAN&GRANIQUEEN

Genuine stone

2 Dirt resistance and Super durability

With super protective transparent coat, they shall achieve super anti-pollution and long term durability.

● Comparison of dirt resistance

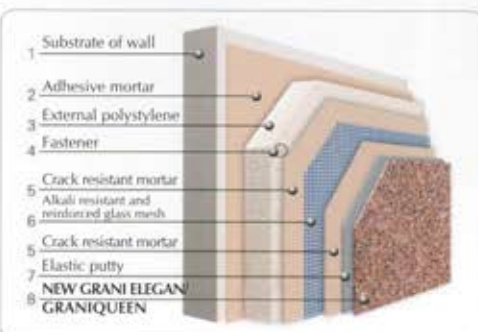

Apply carbon solution, then, wash them off with water.

While dirt is still remaining on the side with conventional topcoat, the other side with super dirt resistant topcoat appears free from dirt.

3 Elastic property of NEW GRANI ELEGAN/GRANIQUEEN

With a slightly elastic material as mid-coat, water resistance and flexibility are added to the features. Since they are fairly flexible about hairline crack on the surface, they are suitable for renovation without limitations to new substrates.

● For external heat insulation

SKK has developed elastic type of NEW GRANI ELEGAN and GRANIQUEEN providing various stone-like patterns and supporting energy saving and environmental protection that are achieved by external heat insulation system.

4 Various finish-patterns and groove designs are available

Besides smooth finish, various types of patterns such as flamed granite-like finish, chiselled granite-like finish, travertine finish are available. And not only stone-like design but also tile-like design is available. Your creative idea of groove shall add decorative design to your wall.

Chiselled Granite-like finish

Groove Finish with Tile-like Pattern

Travertine Finish

Flamed Granite-like Finish

5 Decoration to various conditions of substrates

Thin film coatings can be applied to various conditions of substrates. Some structures have many internal corners, round columns, GRC panels, etc. Natural stone-like finish can be applied on all kinds of areas offering a wider choice of designs.

Application procedure for groove finish

1. Undercoat

2. Fixing stickers

3. Mid-coat

4. Base coat

5. Removing stickers

6. Topcoat

Suitable substrates

Cement rendering, concrete, GRC panels, PC panels, ALC panels, slate boards, various types of boards, old films, etc.

COLOURS

Type of patterns

NEW GRANI ELEGAN and GRANIQUEEN are available in small patterns and large patterns.

NEW GRANI ELEGAN

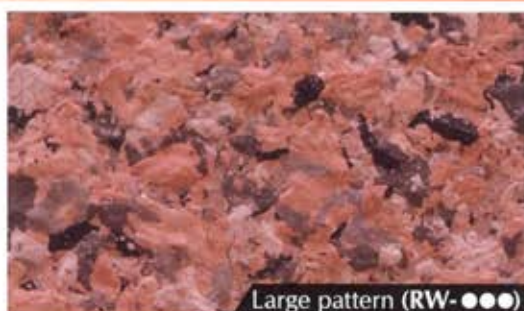

Large pattern (RH-●●●)

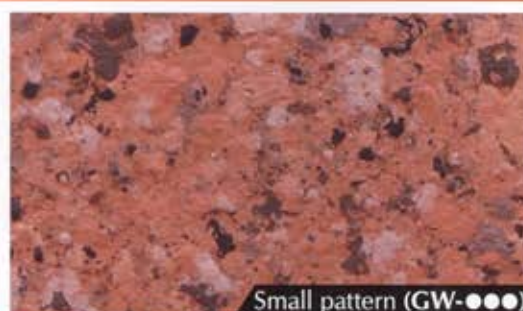

Small pattern (GH-●●●)

*The colour number is RH- ●●● for large patterns and GH- ●●● for small patterns.

GRANIQUEEN

Large pattern (RW-●●●)

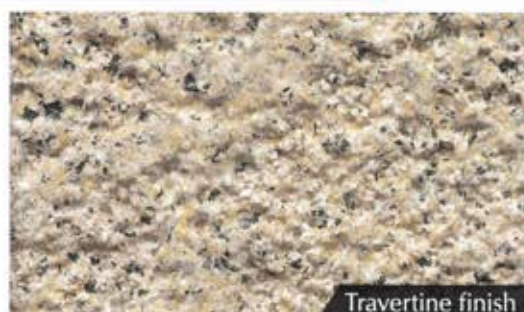

Small pattern (GW-●●●)

*The colour number is RW- ●●● for large patterns and GW- ●●● for small patterns.

Colour difference

Colour looks slightly different depending on textured patterns. Travertine finish looks darker due to rough surface creating shadow effect.

Travertine finish

Flamed granite-like finish

*For NEW GRANI ELEGAN, each colour matches with nature providing the subdued finish.
For GRANIQUEEN, the contrast of each colours is clear with textured patterns.
*The colours of NEW GRANI ELEGAN and GRANIQUEEN are slightly different.
Check and confirm the colour with sample boards before placing an order.
