*New Natural Stone-like Decorative Coating*

# GRANI PALACE

GRANI PALACE is a new type of luxurious decorative coating with layers of inorganic natural stone-like mid-coat and multi-coloured main coat. A magnificent appearance can be achieved with granite and shooting star finishes. Also, its acrylic silicone resin paint film successfully performs high durability and super dirt resistance.

## FEATURES

### Decorative Design

It creates magnificent walls with stone-like surfaces. The various designs help you create unique space of your own.

### High Durability

With special synthetic resin and ceramic materials, it achieves high durability and weather resistance.

### Lightweight Design

Thanks to the lightweight design, it does not impose burden on the substrate eliminating concerns about peeling.

### Cost-Effectiveness

The cost is much more economical compared to genuine stone cladding.

### Mildew Resistance

Thanks to the unique formulation, this product prevents contamination by microorganisms such as mildew and keeps a hygienic environment.

## USES

Interior and exterior walls

## SUITABLE SUBSTRATES

Concrete, cement rendering, various ceramic siding boards

## PACKING STYLE

\* The large sample is GRANI PALACE and the small sample is genuine natural stone for reference.

\* The above printed pictures may be slightly different from actual colours. Comfirm colours by a sample panel before placing an order.

\* In the patterning process, the appearance of shooting star finish changes depending on the number of times the special trowel (spatula) is moved. So please conduct a test application before the actual application and decide the number of movements.
