FINE MORTAR

Special Mortar Texture Finish Coating for interior

FINE MORTAR is a synthetic resin thin paint film lightweight finish coating material that reproduces matt and nothingness of mortar texture.

The rich texture provided by combining simple materials with handwork creates a stylish space.

Features

Colour variation

12 standard colours

Low odour during application

Water-based property gives low odour during application.

HCOH emission class

It does not contain formaldehyde, thus it is environmentally friendly.

Fungus and algae resistance

With its special specification, it provides strong resistance to microorganism such as fungus and algae and keeps a hygienic environment for a long period of time.

Fire resistance

It is excellent in fire resistance.

Uses

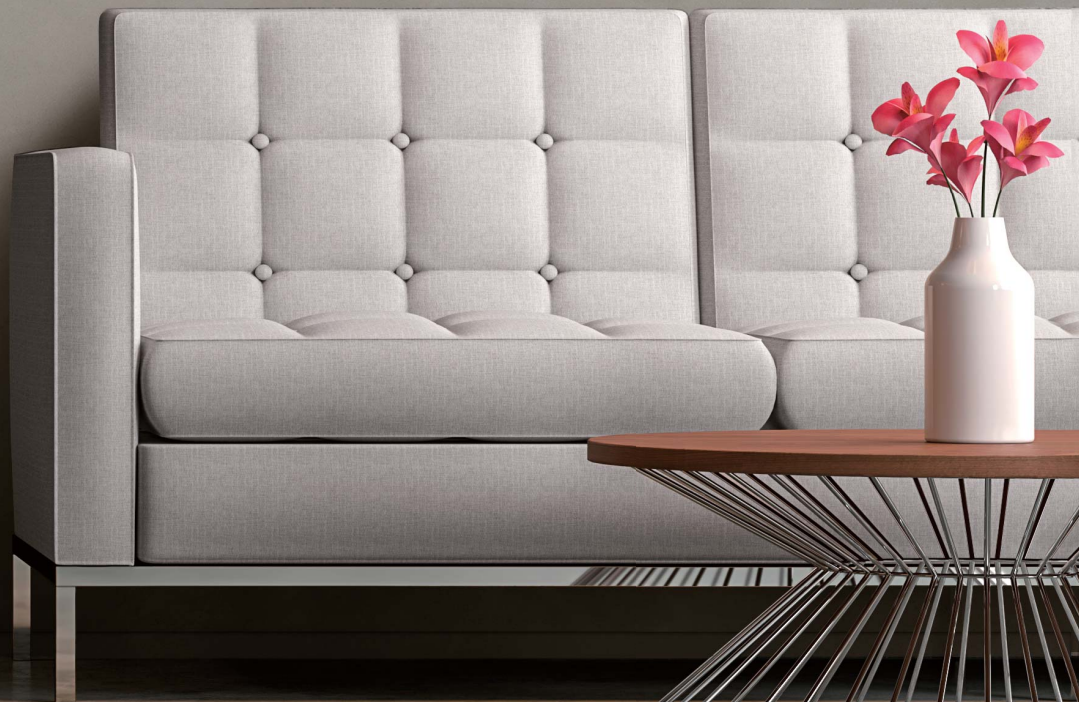

Interior wall of buildings, condominiums, hotels, shops, etc.

Suitable substrates

Plaster boards, calcium silicate boards, concrete, cement rendering, various types of board, etc.

* For the rough surface and old paint film, it may not be applicable.

Mortar texture creates a stylish wall surface.
